Lots of Molasses
Made in Earlier
Days of Saline Co.

LOOKING BACKWARD: They made 'lasses and 'lasses and they mo' lasses, as the old saying goes. That was back in the days long ago when these here we're going through right now, and the way they made molasses in Saline county back in the nineteenth century, it's a wonder more people weren't stuck up—inside, that is.

I was poring over the diary of Isaac Naugle, who started his daily recordings back in Ohio in 1852 and continued them when he moved into Raleigh township in 1865. The daily jot-down is in ledgers now kept by his grandson, Roy S. Naugle, who lives west of the airport, only a mile from where grandfather Isaac came to settle.

Roy's father, John S. Naugle, also kept a diary of day-to-day happenings and Mr. Roy himself did the same until 1935, when he gave it up.

Timmo gleaned the notations of Isaac Naugle from the time he arrived in Saline county April 15, 1865, until about 10 years afterwards.

March 9, 1865, said simply, "Left Ohio for Illinois," and there was nary a note until April 15, more than a month later, when the writings reopened with: "Rolling logs at Allen's."

But the thing about it all that fascinated me was the time spent in making molasses. Every year around the latter part of September the journal would say "Preparing to make molasses" for a couple of days. Then day after day, for about a month, the notation was the same: "Making molasses, making molasses, making molasses."

A September, 1872, notation said: "Bought evaporator in Harrisburg." And the next day "Built a chimney for evaporator." Then started the making of molasses.

In September, 1874, a jotting said "Went to Shawneetown for evaporator." And then more molasses.

The people really had their work cut out for them in those days, perusal of the ledger reveals. The fellows made nearly everything themselves. And the daily recordings revealed the earlier names in lots of families well-known today.

Isaac helped his son Uzziel, who had come to Illinois a year earlier, strip his tobacco back in 1865. He moved away for William, Jacob and Samuel Ramsey in 1869.

And in that year 1869 he took

Justice Dep't, Two States Also Urged To Take Action

WASHINGTON (AP) — A House committee report today showed personal profits went to at least two members and the manager of a toll bridge near New Harmony, Ind., through "diversion" of funds.

The three-man select committee headed by Rep. Winfield K. Denton (D-Ind.) said the members of the White County Bridge Commission in Illinois and manager Roy Clippinger of Carmi, Ill., have been enjoying a "soft snap."

The committee said Congress should pass a law firing the present commission members who operate the bridge over the Wabash River. It said the bridge should be turned over to Illinois, Indiana or taken over by the federal government.

The committee also urged the Justice Department and attorneys general of Indiana and Illinois to take "appropriate action" on its findings.

The report said at least \$69,000 was spent by the commission "of ascertainable detriment to the commission" and correspondent benefit to Roy Clippinger's interests.

Contacted at Carmi, Clippinger said he had "no comment at all" on the charges.

\$3.2 Million Tolls Collected

The bridge, built for \$597,000 in 1930, was taken over by the commission in 1941 under an act of Congress. The committee said Clippinger, a former Congressman, helped put the bill through Congress.

Tolls amounting to 3.2 million

National Field Director Visits Humane Society

Larry Andrews, field director for the National Humane Society, Washington, D. C., left this morning for Paducah, Ky., after visiting the Harrisburg Humane society and instructing a delegation from Carbondale on how to set up a humane society.

Mr. Andrews, who came here from Louisville, Ky., was accompanied by Mrs. Andrews, and he plans to visit societies in Paducah, St. Louis, Cedar Rapids, Iowa, and Kansas City before going to Wichita Falls, Texas, where a society is in the process of being formed. They were guests of Mrs. Tim Turner, president of the local society, while here.

At a dinner meeting last night at the 45 Drive-In restaurant Mr. Andrews spoke, telling the Carbondale group the procedure for organizing and some of the situations that probably would arise.

"The main thing to do at the outset," he said, "is to get people in your organization who are humane, and to be humane means to be opposed to all kinds of cruelty."

"You cannot compromise cruelty," he told them. "You cannot be an organization trying to do something only about dogs. It must deal with problems of cruelty to all animals."

Mr. Andrews looked into the local shelter operations and offered a few suggestions for improvement. However, he praised the work being done here.

Attending from Carbondale last night were Mrs. J. E. Grinnell, Mrs. Donald Boydston and Mrs. Jules Du Bar. A small group from the local organization also attended the meeting.

dollars were collected through June 30, 1955 and outstanding bonds were paid off last year.

Clippinger, publisher of the Carmi Times and five other newspapers, has been manager since the commission was created. The committee said all the commissioners, appointed for life, are stockholders in the Carmi Times. It termed this a "conflict of interest."

"The manager and at least two of the commissioners," the committee charged, "have made money out of it from not only their salaries, but as they are financially interested in the Carmi Times Publishing Co., and the manager threw fat and juicy business to that newspaper, they profited additionally and personally."

The committee said \$69,000 was spent on such items as typewriters used by the Times and trips by Clippinger. The commission bought such things as Shrine tickets, pamphlets and toll ticket books from the Times, sometimes at a 100 per cent markup, it said.

HTHS Students to Take Over City Gov't Tuesday on Elks Youth Day

Mayor Gibbons Proclaims May 1 Youth Day Here

With the issuance of a proclamation by Mayor Claud Gibbons, designating next Tuesday, May 1, as Youth Day in Harrisburg, Harrisburg Lodge No. 1058, B. P. O. Elks, has planned an extensive program honoring the youth of our city and of the nation, Exalted Ruler Vern Joyner Jr., announced today.

Last year the Youth Day celebration included only the junior high school students, but this year's program has been expanded to include HTHS students also, with outstanding members of the student body taking over Harrisburg's city government for the day next Tuesday. Junior high students will attend a free movie at the Grand theatre next Tuesday morning, and will hear State Senator Glen O. Jones deliver a few remarks.

The HTHS students who will take over the reins of Harrisburg government next Tuesday were selected by the HTHS student council, and are as follows:

Mayor, Charles Cummins, president of student council; commissioners, the class presidents, Linda Skaggs, freshman, Kendall McDonald, sophomore, Robert Jones, junior, and Jack Klein, senior; city attorney, Avash Phillips, pres-

Soviets Ask Britain to Help Ease Tensions

Leaders Hint They Will Halt Arms To Middle East

LONDON (AP)—The Soviet leaders called on Britain today to help ease Russia's relations with the United States and hinted they would halt arms shipments to the Middle East.

Soviet Premier Nikolai Bulganin told a jammed news conference Prime Minister Anthony Eden had accepted an invitation to visit Moscow and said the visit would be of the "utmost importance to Soviet and British relations."

The Russians left London almost as they arrived—to the silence of curious crowds who lined the streets to the railway station.

Bulganin and Soviet Communist leader Nikita S. Khrushchev left London for Portsmouth at end of their press conference to board a Soviet cruiser for home and end their 10-day visit to Britain.

Bulganin Does Talking
They made five major points in an 80-minute news conference in which Bulganin did almost all of the talking.

1. Eden has accepted an invitation to visit Moscow but the date has not been set because of the press of his official duties.

2. The Soviet Union is shifting its position on disarmament from its current policy of discussing only conventional arm cuts. Now it is willing to discuss conventional and nuclear arms cuts simultaneously.

3. Khrushchev said Russia is ready to enter an undertaking to stop arms shipments to the Middle East if an agreement can be reached through the United Nations "or otherwise."

4. Bulganin called on Britain to help the Russians improve relations with the United States and said they regretted the Soviet-American relations were "far from sufficiently normal."

5. Bulganin said the time has come to throw out the West's strategic arms embargo because "it is a product of the cold war" and invited British businessmen to "find practical and delicate ways to back out of the American-backed embargo."

Bulganin, in discussing American-Soviet relations, said Russia regretted the state of affairs and said, "We will do our part to see that relations with the United States improve."

SIU to Honor J. Lester Buford

CARBONDALE, Ill. — Southern Illinois university will honor J. Lester Buford, one of its most distinguished graduates, at a dinner May 4 at Woody Hall dining room.

Buford, superintendent of schools at Mt. Vernon, is president of the National Education association. Under his leadership the NEA has adopted a "Proud To Teach" slogan reflecting a positive approach in promoting the teaching profession.

Dinner invitations have been sent to several hundred persons, including former teachers and students of the SIU alumni, class of 1928, according to general chairman John Erle Grinnell, dean of the College of Education.

DR. B. E. MONTGOMERY'S NEW MEDICAL ARTS BUILDING on South Main street, between the Colonial hotel and the Cummins building, which will be occupied by Dr. Montgomery, physician, and Dr. James W. Gaskins, dentist, next week. Both are now in the process of moving from their offices in the Harrisburg National bank building. Dr. Montgomery said that he probably would be able to handle only emergency cases Monday and resume his practice for the general public Tuesday. Dr. Gaskins hopes to be in practice Monday at his new quarters. The new brick building contains 14 rooms, Dr. Montgomery occupying three of them and Dr. Montgomery the remainder for the time being. Dr. Montgomery's offices include a private office, examining rooms, x-ray room and laboratory. The entire area to the north and west of the building has been concreted into driveway and parking area. U. S. to Check H-Bomb Fallout

WASHINGTON (AP)—The government announced today it will check radioactive fallout from the forthcoming H-bomb tests at stations scattered one-third of the way around the earth.

The joint announcement by the Defense Department and Atomic Energy Commission emphasized the tests will not endanger the vast area. The announcement stressed the purpose of the stations is for scientific testing.

But the distances involved clearly underlined how far radioactive fallout will travel through the atmosphere. And the announcement hinted that fallout will travel even farther when the biggest available bombs are used.

The announcement said test stations operated by the Weather Bureau, AEC and Public Health Service have been set up in more than 50 U. S. cities and in San Juan, Puerto Rico.

San Juan is 8,000 miles from the site of the H-bomb tests in the Pacific. Another fallout check point is Boston—7,000 miles from the blast site.

Dr. Vernon Hicks Receives Rank Of Full Professor

Doctor Vernon Hicks, formerly of Harrisburg, has been promoted to the rank of full professor at the Michigan State university, East Lansing, Mich.

Promotions for 99 members of the faculty were approved by the state board of agriculture recently.

Doctor Hicks was one of the 26 associate professors stepped up to the rank of full professor.

President John A. Hannah stated that the ultimate goal of the program is to build an outstanding faculty at the university. Promotion to full professor represents an average increase in salary of \$1,550.

Doctor Hicks has primary responsibilities of supervising student teachers. Public school experience includes eight years of teaching and nine years as an administrator in the states of Michigan and Illinois. In addition, he has been on the teaching staff at the University of Michigan, Wayne university and University of Oregon. He is a frequent contributor to educational journals. Latest article appears in the April 1 issue of the Michigan Educational Journal.

He is the son of Mr. and Mrs. James Hicks who reside in the Liberty community. His wife is the former Jean Rose Felts also of Harrisburg. They have three children.

Elmo Williams
Accepts New Post At Houston, Texas

Elmo Williams, formerly of Harrisburg, has accepted the post of educational director of the West University Baptist church in Houston, Texas.

Mr. Williams, a school teacher and assistant county superintendent of schools when living here, resigned as educational director of the Magnolia Park Baptist church in Houston, where he had been for six years, to accept the new position.

West University Baptist church, pastored by Dr. Ray D. Mayfield, ranks tenth in Sunday school attendance among the 135 Baptist churches of Houston, averaging about 950 in classes each Sunday. It is located in the Rice Institute area.

Mr. and Mrs. Williams' address is 3715 Farbar street, Houston 5, Texas.

Hiss Addresses Princeton Students In Atmosphere of Classroom Calm

PRINCETON, N. J. (AP) — Convicted perjurer Alger Hiss addressed a group of Princeton University students on foreign policy Thursday night in an atmosphere of classroom calm.

Hiss' appearance on the campus was an orderly event in contrast to the controversy which arose when he was invited to Princeton by the American Whig-Closophic Society, an undergraduate debating group.

It was Hiss' first public appearance since he was released from a federal prison at Lewisburg, Pa., in November, 1954, where he served three years and eight months of a five year term for perjury. Hiss was convicted in 1950 of charges he lied when he said he never stole government secrets for a Communist spy ring or gave them to former espionage courier Whittaker Chambers. Hiss went to prison in 1951.

Protests Pour In
The invitation to speak at Princeton was disclosed April 6, and protests immediately began to pour in.

Boy Kills Father Over Use of Car

MINNEAPOLIS (AP) — Michael Abbott, 14, killed his father with a rifle shot Thursday night because he wouldn't let him use the family car.

The boy gunned down his architect father, Loren, 44, in the kitchen of their suburban Edina home, police said. Then he smashed his father's rifle against the floor, breaking the stock, and went to his room to await police.

Officers said the eighth grade student told them "I was tired of being scolded."

Michael went into a frenzy when his father refused to let him drive the family car because he was too young, police said.

He smashed all the windows in his room and then raced into his father's room and grabbed the rifle.

When his mother and two brothers saw him coming with the gun, they started to flee to the basement. They were still on the basement stairs when Michael leveled the rifle at his father from six feet away and shot him, police said.

Police said the boy became "very remorseful" and broke down into tears whenever he tried to tell of the killing.

VP Announces Candidacy After Talk with Ike

Endorsement by President Assures Nixon Nomination

WASHINGTON (AP) — Republicans today visualized Vice President Richard M. Nixon as their chief barnstorming campaigner this fall.

They assigned Nixon that role as soon as he announced Thursday that he again wanted the number two spot on the Republican ticket.

Democrats saw Nixon in the same role. They immediately began flailing him for campaign tactics which they felt were unfair in the past and would be in the future.

Republicans said Nixon was a "natural" for the strenuous, barnstorming type of campaigning which President Eisenhower has said he would not engage in this fall.

There was no doubt that the GOP National Convention would again accept Nixon as Mr. Eisenhower's running mate when it meets in San Francisco Aug. 20. Confers With President

Before announcing his candidacy Thursday, Nixon conferred at length with the President at the White House. Afterwards, Mr. Eisenhower, who had told Nixon earlier to "chart his own course," let it be known that he was "delighted" with Nixon's decision. The President's endorsement virtually assured Nixon the nomination.

Other political news: Adlai Stevenson, candidate for the Democratic presidential nomination, said he was "surprised" by Nixon's announcement. He said Mr. Eisenhower's approval of Nixon was "just one more point where he and I disagree." Stevenson campaigned in Miami, Fla., Thursday night as part of his drive to win Florida's May 29 primary.

Stevenson's rival for the nomination, Sen. Estes Kefauver, flew to Spokane, Wash., today for a series of speeches. Kefauver said in Pittsburgh Thursday that he is "very much more ahead" in his campaign for the Democratic nomination than he was at this time four years ago.

Popular With Party Pros
Nixon's political future had been a subject of speculation because some Republicans believed he had offended independent voters and would weaken the ticket this year. But he has been popular generally with the party professionals, who regard him as a vigorous campaigner of proven skill.

At the same time, Nixon has been unpopular with some veteran Democrats, who believed that, at least by implication, he put a question label on their entire party during previous campaigns.

Death Takes Miss Loreta Cotton, 41; Funeral Sunday

Miss Loreta Cotton, 41, former resident of the Harrisburg community, died at the Memorial hospital in Detroit, Mich., at 11:18 a. m. Thursday. Death was caused by cancer. She had been ill since October.

For the past 12 years Miss Cotton had made her home in Detroit, Mich. She was the daughter of Steve and Laura Cotton, prominent farmers in the Brushy township community, and was born in Brushy July 14, 1914.

Besides her parents she leaves two brothers, Kermit Cotton, and Cleland Cotton, both of Harrisburg. Two brothers and one sister preceded her in death.

Funeral services will be Sunday at 2 p. m. at Bankston church with the Rev. Paul Dann officiating. Burial will be in the Raleigh Masonic cemetery.

The body will arrive in Harrisburg late today and be received by the Gaskins funeral service. After 2 p. m. Saturday the body will lie in state at the home of the parents.

Pallbearers will be H. Boatright, James Thompson, Willie Riegel, Clifford Hamilton, Willie Pankay and Floyd Schwartz.

Large Attendance Reported at 35th Annual Convention of B. and P. W. Clubs

The largest attendance within the past few years was reported at the close of the 35th annual state convention of the Illinois Federation of Business and Professional Women's Clubs, Inc., Sunday, April 22, at the post-convention breakfast. The total reservations were 793 besides the numerous visitors at some of the sessions. The convention theme was "Expanding Frontiers."

Clubs of district 9, which include Alton, Collinsville, East St. Louis, Edwardsville, Jerseyville and Quincy, were hostesses to the convention at the Sheraton-Jefferson Hotel in St. Louis April 19-22.

On Thursday afternoon the state board on which Mrs. Zola Y. Sloan of Harrisburg has been the International Relations chairman for the past two years, held its business meeting. On that evening the nominating committee met to prepare their report for nominations for state officers to be presented at the Saturday afternoon session. Mrs. Nelle M. Meyers, also of Harrisburg, was a member of the nominating committee.

Address by Woman Senator. The convention proper began Friday morning with Miss Helen Wise of Watseka, state president, presiding. The welcome was given by Miss Bernice Goede, a past state president and the chairman of the 1956 convention. On roll call Miss Hattie Steinberg of Nebraska, recording secretary of the National Federation, and Mrs. Evangeline H. Faly, Public Affairs chairman also of the National Federation were introduced. Another notable woman, Lillian Schlagenhauf of Quincy, who is the state senator of the 36th district of Illinois, was introduced and she addressed the convention at her luncheon meeting using as her theme "A New Tomorrow." Her audience was impressed by the deep spiritual concern implied by her talk.

Friday evening began with the dinner in the large Gold Room of the hotel followed by a Fun Fest. The East St. Louis club was hostess and its fun was presented as a fair with side shows all around the wall. The first main attraction

was a demonstration of hypnotism by a guest hypnotist. He explained hypnotism and invited women from his audience to go to the stage. Around a dozen women volunteered and most of them proved to be good "subjects" for the simple things he had them to do. It was very entertaining as well as unique. The latter part of the evening was devoted to square dancing, with a professional dancing team and teacher present to perform as well as teach the inexperienced in the several figures and sets of that type of dance.

Officers Elected. On Saturday the greater part of the convention business was transacted. Miss Steinberg addressed the luncheon meeting using as her subject, "Seventh Inning." At the luncheon Dr. Sylvia A. Sorokin, of St. Louis, national Education and Vocations chairman, spoke briefly. Katherine Peden, Kentucky state president, was one of the honored guests.

The report of the nominating committee was presented and the following were elected: Miss Dorothy Fink of Edwardsville, state president; Miss A. Zola Groves of Metropolitan of Chicago club, first vice president; Dr. Frances Whitehead of Macomb club, second vice president; Miss Mary Lou Koonce of Cairo club, recording secretary, and Miss Marie Walsh of Danville, corresponding secretary. Delegates and alternates were elected to attend the Biennial July 1-6 at Miami Beach, Fla.

On Saturday evening the honored guest and speaker was Ivy Baker Priest, treasurer of the United States. She was a charming speaker and emphasized that she was proud to be a member of the Business & Professional Women's club. By her witty presentation of her experiences before and since being treasurer of the United States she had a very attentive audience, the largest of all of the other convention sessions.

District Chairman Introduced. A breakfast on Sunday morning for state board members, retiring and incoming club presidents and district chairmen closed the convention. Miss Mary Richardson, recently elected District 13 chairman was introduced by the retiring chairman, Miss Esther Kallenbach of Carmi.

Besides the three from the Harrisburg club, delegates from the Carmi and Fairfield clubs attended. These clubs are in District 13.

W. Frankfort Mayor to Ask Council to Rescind Action on 'Fast' Time

WEST FRANKFORT, Ill. (AP) — West Frankfort may not observe daylight saving time this summer after all.

Mayor John Heaton says he will ask the City Council at a special session Friday to rescind its approval of the "fast" time. The council approved daylight time at its meeting Tuesday night.

Heaton said he will ask for reversal of the council resolution because nearby southern Illinois cities are not going to adopt daylight time this year. The cities include Benton, Johnston City, Marion and Herrin.

No delegates from McLeansboro were present except Mrs. Rosalie Carner who has served on the state board as business secretary for two years and automatically is retired. Mrs. Sloan was retired also after two years' service in her department.

Invitations for the 1957 convention were presented by Chicago, Springfield and Jacksonville, upon which action will be made by the state board at their first meeting. The Illinois federation sponsors the Celia M. Howard Fellowship fund which is available to applicants who wish to continue their university in statesmanship and international law. Since the one applicant this year did not have qualifications to meet the high standards of requirements there will be no student this year. It was suggested that if possible two might be given the scholarship next year.

The state federation has also been contributing the past few years to a building fund for a National Headquarters to be located at Washington, D. C. Recently the offices moved to temporary quarters in the Dupont Circle building where the national business will be conducted until permanent building plans are completed.

Makes Friends
with the Meanest Roads

(Have you tried Buick's great new ride?)

THE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels.

Capricious roads that twist and turn—unruly roads that rock and roll—tired roads, battered and beaten—they all seem to wear company manners the moment a Buick approaches.

Why? Simply because Buick comes with what it takes to put any road on its best behavior — the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car.

And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER.

No other car matches the firm, true tracking of Buick's own ride foundation —

buttressed by brawny X-braced frame and torque-tube drive—cushioned on coil springs and deep-oil shock absorbers.

No other has such width of tread and length of wheelbase within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars.

No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars.

And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet.

Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflo® — and that goes double every time you

"switch pitch" for whip-quick, safer passing.

But why stop to count reasons — when results are what you're after?

Wouldn't you rather really feel Buick's new "sense of direction" on straightaway, curves and corners?

Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel?

Well, sir, we cordially invite you to drop in on us and do just that.

Make it this week, won't you? Sample the ride that has charms to win any old road — and get first-hand figures on prices that make Buick owning a more positive pleasure.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

**Girl, 18, Is Killed
By Block of Masonry
Struck by Lightning**

SPRINGFIELD — An 18-year-old girl was killed Thursday night when a bolt of lightning knocked a block of masonry from

a downtown building and sent it crashing into the car in which she was riding.

Sandra Jean Stivers, Springfield, was dead on arrival at St. John's Hospital. Her father, Floyd Stivers, who was driving the car, escaped injury.

Stivers told police he and his daughter were driving to a movie

when the accident occurred. He said he stopped for a traffic light near the First National Bank building when the masonry block crashed into the roof of his car.

The Sea of Galilee is 682 feet below the level of the Mediterranean. Its water is sweet and clear, and abounds in fish.

**Democrats Offer
Conciliatory
Farm Measure**

WASHINGTON — House Democratic farm leaders today put forward a new farm bill containing much of what President Eisenhower wants and few provisions to which he is opposed.

It was the most conciliatory proposal advanced by the Democrats during 11 days of maneuvering and false starts since the President's veto of the first farm bill.

In the face of strong Republican opposition, Chairman Harold D. Cooley (D-NC) of the House Agriculture Committee Thursday night abandoned his plan to push for restoration of 90 per cent of parity price supports for basic crops through compensatory payments to producers.

Cooley instead offered a new bill which contains all provisions of the administration-sponsored \$1.2 billion soil bank plan except for the pay-in-advance feature. Republican leaders said they would fight to include that in any new farm bill brought on the House floor.

Cooley's bill also contained one of the half-dozen provisions of the original farm bill which the administration opposed — higher price supports this year for producers of oats, rye, barley and grain sorghums who voluntarily participate in the soil bank.

It also contained all of the non-controversial provisions of the vetoed farm bill, including an additional \$500 million to prop prices of perishable foods and an additional \$500 million for disposal of surpluses abroad.

Cooley said he would call a meeting of his committee Monday and hoped it could finish voting on the measure in one day. Rep. Clifford R. Hope (Kan.), senior Republican member, said this

was possible. Hope said Cooley's measure appeared to be a "fair compromise."

**Trucker Files
\$300,000 Suit**

SPRINGFIELD — Springfield trucker James W. Dunbar Thursday filed a \$300,000 libel suit against Field Enterprises, Inc., publishers of the Chicago Sun-Times.

Dunbar, who is also Sangamon County probate clerk, charged that he and his trucking firm, Dunbar & Co., were libeled in a series of Sun-Times stories dealing with a contract Dunbar held to haul federal surplus foods to Illinois schools and institutions.

The contract, awarded without bids by Superintendent of Public Instruction Vernon L. Nickell, was later cancelled.

The suit, filed in Sangamon County Circuit Court, asked a jury trial and \$100,000 exemplary damages for Dunbar as an individual; \$100,000 actual damages for Dunbar; and \$100,000 damages for the trucking firm.

A total of 168,732,160 acres of land and 2,384 acres of inland water are included within the state of Texas.

**DO YOU EVER PLAY
TRICKS LIKE THIS?**

It's the old multiple electric plug game so popular in all too many homes these days! You know—the trick's to see how many plugs you can plug into one another... then plug them all into one outlet! It's a mighty dangerous trick. When you plug in too many appliances, you overload the wire. That makes the wire overheat... often start a fire!

Better not play that game.
Better call us for an electrical check-up!

**A NEW KIND OF BEER—DIFFERENT, EXCITING AND ENTHUSIASTICALLY
ACCEPTED IN INTRODUCTORY MARKETS—WILL BE ON SALE HERE APRIL 30**

*"More people had it on hand in their refrigerators
than any other brand of beer!"*

That simple statement . . . from our most recent survey
of 2,000 families in the test markets . . . explains why
we are so excited here at Anheuser-Busch.

For the beer in those refrigerators is a new type of
beer—a *different* beer—which was introduced for the
first time late last summer in the entire state of
Kansas and Kansas City, Missouri.

Never in our long experience in the brewing business
have we seen a product catch on so quickly, win such

widespread approval. And when you lift a snow-
capped glass, you'll know why more people had this
new beer on hand than any other brand.

The Idea . . . From Bavaria

Why is this beer different? . . . and so appealing?
Because it fits America today!

The idea for it came from Bavaria . . . a land known
for its outdoor sports and festivals, for majestic moun-
tains and clear, cool, invigorating air—and for won-
derful food and wonderful beer.

The type of beer they drink there is different. It has
body. And flavor. But it is also light on the tongue . . .
leaves your taste fresh . . . leaves you refreshed, ready
to enjoy food or fun.

Fits America's New Way of Living

We felt that this type of beer would fit well with the
new way of living here in America . . . the movement
toward the suburbs . . . the informal "come-on-over"
type of entertaining . . . the outdoor sports and barbe-
cues . . . the bowling and golf and "do-it-yourself"
activities which more and more Americans are adopt-
ing as they find they have more leisure time.

We have worked hard to achieve this kind of beer . . .
the finest of its type made here in America . . . worthy

of Anheuser-Busch traditions. And now we are sure
we have it.

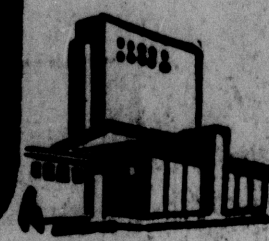

A different kind of beer . . . as clear and bright as a day
in the Alps . . . and as refreshing. It goes well with
food—with sports. We feel it is thoroughly in tune
with America's new way of living.

The name is Busch® Bavarian. I hope you'll try it.
I know you will like it!

Rocky Marciano Retires from Ring Unbeaten

NEW YORK (AP)—Heavyweight champion Rocky Marciano announced today he was retiring undefeated "because I want to start living for my family."

"I am comfortably fixed and I am not afraid of the future," the tanned and fit looking champion said as he became the fourth man in ring history to retire without suffering a single defeat.

Marciano, who had won all 49 of his bouts and successfully defended the heavyweight championship six times said he finally succumbed Thursday to his family's pleadings.

"We want to have more children and the way you have to live as a fighter has made me a poor father to my 3 1/2 year old daughter, Mary Ann," Marciano added. "You've got to go home and get introduced to your family. It's a funny feeling after a while."

Marciano said that to be a boxer and "to stay in tip top shape" he had been able to spend only two weeks at a time with his family.

"When I started I was single," he said. "But my mother and my wife have been pleading with me to retire and I told them last night that I would do what they wanted."

"I took a vacation with my wife, and I enjoyed it so thoroughly that I realized what I was missing," the champion added.

His contract was assigned to Valdosta, Class D club in the Detroit farm system.

Legion-Stars

To Play Sunday At McLeansboro

The Harrisburg Legion-Stars hope to get into the swing of things in the baseball line when they travel to McLeansboro Sunday for a game with Bob Dietz's Cardinals. Dietz, who is a scout for the St. Louis Cardinal organization, has a hustling club and promises to give the locals plenty of trouble especially in the pitching department where he has several promising hurlers who are being scouted by the organized leagues.

The Legion-Stars were all primed to play last Sunday and did get four innings of baseball in against the Evansville All-Stars before the cold weather and rain halted further proceedings. This game will be reset for a later date, probably July 4.

All players making the trip to McLeansboro are asked to check in at the Town Park diamond by 12:30 Sunday afternoon.

Fred Williams Plays Second Base for Valdosta, Ga., Club

Fred Williams, Carrier Mills professional baseball player, is holding down second base for Valdosta, Ga., in the Georgia-Florida league and batting over .300 in the early season games.

Williams was signed by the Detroit Tigers last fall and early this spring reported to Tigertown. Detroit spring training base for rookies.

His contract was assigned to Valdosta, Class D club in the Detroit farm system.

As of Tuesday, April 24, Valdosta was leading the Ga-Fla league with a record of 7 wins and one loss. During those games Williams had started every game at second base and had ten hits in 31 times at bat.

Half of his hits were for extra bases, a triple and four doubles along with five singles.

Indians, with Carrasquel And Bobby Avila, Boast Best Keystone Duo in American L.

By United Press

The Cleveland Indians boast the most effective keystone combination in the American League today for the first time since Lou Boudreau and Joe Gordon sparked the Tribe to the 1948 pennant.

It's a neat switch, because for at least the last six years the Indians' most glaring weakness has been at the keystone. But now Al Lopez is chortling over his fine duo of Chico Carrasquel and Bobby Avila while his three main rivals—the New York Yankees, Chicago White Sox and Boston Red Sox—are wondering whether their combinations will do over the long haul.

The situation was dramatized Thursday when the Indians clobbered the Kansas City Athletics, 14-2, and the Yankees bowed to the Baltimore Orioles, 7-5 in the only games played. Carrasquel and Avila went on a slugging bee to pace the Indians while rookie shortstop Jerry Lumpe's seventh error in nine games led directly to the Yankees' defeat.

All in all, it appears that Cleveland General Manager Hank Greenberg rates the last laugh at critics who said he should never have surrendered slugger Larry Doby to acquire Carrasquel from the White Sox. Doby, incidentally, is batting .231 while Jim Busby, also obtained from Chicago in the Carrasquel transaction, is "holding his own" at .223.

Carrasquel, enjoying one of his best days as a major league hitter, blasted a grand slam homer and a bases-filled double to knock in seven runs Thursday while Avila weighed in with a three-run homer and drove in four runs.

Vic Wertz, Al Rosen and Gene Woodling also had two hits each as the Indians breezed to their third straight victory behind Early Wynn's four-hitter behind Cleveland pitchers now have yielded a total of 23 runs in eight games.

The Yankees, meanwhile, surrendered first place to the idle White Sox when the Orioles rallied for five runs in the sixth inning.

Pinch runner Fred Marsh scored the run that put the Orioles in front when Lumpe threw wildly to first base. First sacker Bill Skowron was equally at fault for making a poor throw to Lumpe on what could have been an inning-ending DP.

Jim Wilson, a 12-game winner last season, received credit for his second triumph of the year while relief pitcher Tom Morgan suffered the loss.

With those seven errors in just nine games, Lumpe is posing a serious problem for Manager Casey Stengel, who's learning for the first time how Lopez lived these last six years.

More people named Jones* own Chevrolets than any other car!

*Of course we haven't actually counted all the Joneses. But it seems a safe guess. Because this year—as they have year after year—more people are buying Chevrolets. And 2 million more people drive Chevrolets than any other car. Maybe you ought to come in and see why this is so.

(Are you keeping up with the Joneses?)

**Lavish Gifts
By Soviet Leaders**

LONDON — Britain's royal and official families were laden today with expensive gifts from the Soviet Union's visiting leaders. Premier Nikolai Bulganin and Communist Party chief Nikita S. Khrushchev presented Prime Minister Sir Anthony Eden with a picture of a steamer on the Volga River, a lacquered box with his own picture set in the lid and a marble desk set. Queen Elizabeth, Princess Margaret and Lady Eden got sable stoles. Sir Winston Churchill received a seascape and long-playing records. The duke of Edinburgh and Prince Charles got Cossack stables and Princess Ann a bear cub named "Nikki."

**SIU Trustees
Accept Bids for
Housing Bonds**

CARBONDALE, Ill. — The Southern Illinois University Board of Trustees took action Thursday on dormitory financing, faculty promotions and academic affairs. The trustees accepted a bid from the housing and home financing agency on bonds to help pay for men's dormitories and a dining hall. The federal agency had low bid of 2 3/4 per cent interest on \$3,355,000 worth of bonds. The federal money will supplement state appropriations for the dormitory project that will pay for itself through rentals and charges for meals. The SIU trustees promoted 16 faculty members and appointed two new assistant professors. The board also authorized the department of recreation and outdoor education to offer courses leading to a master's degree.

his molasses into Raleigh and bought some shoes.

A July 31, 1869, notation says simply: "At election for railroad." And Aug. 1 he started on a trip to Carbondale, returning home five days later with machinery.

It apparently was a threshing machine, because after an Aug. 6 notation, "fixing up to haul machine," there were several days in which he wrote "threshed at Ramsey's, threshed at Thornsverry's, at Jonathan Abney's, at Maple's, at A. Patterson's."

He made brooms, made shingles, made rails, cleared land, grubbed out fence rows, burned brush, chopped wood and did a lot of log heaving and building. He even had time to spend six days on a jury in March of 1871, make several trips to Shawneetown with wheat,

and go to Raleigh to learn something about the care of apple trees. His first notation regarding Harrisburg, which he spelled with a "gh" at the end, told of his coming here to get shovel plows in May, 1871. The next month he sold a barrel of molasses at Raleigh, and the following month he "helped raise Washington tobacco barn." That same year he spent 10 days

surveying land, got names on a road petition and let his boys go to Equality. He attended lots of meetings of farmers' groups.
